John Thompson - Nature's Watchmaker - Why Do We Exist? From the age of 14, a young boy started questioning the universe. He would devote the rest of his life to answering one of science's most important questions.

Watchmaker analogy - Wikipedia The watchmaker analogy or watchmaker argument is a teleological argument which states, by way of an analogy, that a design implies a designer. The analogy has played a prominent role in natural theology and the "argument from design," where it was used to support arguments for the existence of God and for the intelligent design of the universe.
